DEVELOPMENTAL SPECIALIST IV	37	B	10.133
DEVELOPMENTAL SPECIALIST III	35	B	10.140
DEVELOPMENTAL SPECIALIST II	33	B	10.147
DEVELOPMENTAL SPECIALIST I	31	B	10.149

SERIES CONCEPT

Developmental Specialists provide individual and group clinical, developmental and support services for individuals of all ages who have, or who may be at risk for, developmental delays, developmental disabilities, intellectual disabilities or related conditions, and social, emotional and/or behavioral disorders. Incumbents develop and implement programs and treatment and service plans, provide direct services and case management, develop financial and community resources, and provide education, information and technical assistance to family members, other agencies and service providers regarding human growth and development.

Developmental Specialists may be assigned to one of many specialized programs and facilities, and duties may be performed in the home, clinic, hospital, residential, outpatient, and community facilities, or similar settings. Duties performed and the population served vary. Some representative examples include:

Program for Individuals with Intellectual Disabilities: Incumbents develop, coordinate and monitor the implementation of individual's support plans to facilitate achievement of identified goals for the specific developmental and behavioral management needs of each individual served in the least restrictive environment possible. They may provide case management services, conduct training in daily living skills, recruit community service providers and contractors, and supervise the activities of supported living arrangement providers.

Early Intervention Program: Incumbents provide or oversee grant programs which provide early intervention diagnostic and treatment services for children under the age of three who exhibit developmental delays to remediate delays and facilitate development of social, motor, communication, cognition, self-help and behavioral skills. They also function as a service coordinator to assist families with accessing services and resources in a clinic and/or the community.

Early Childhood Program: Incumbents provide consultation and guidance to family specialists and collaborate with community organizations and agencies to share resources and expertise in providing training to families of infants under the age of one regarding best practices in the care of infants to encourage optimal child growth and development.

Assess individuals using appropriate assessment tools to evaluate and determine eligibility for services, program planning, and individual and family needs; establish a base line and document progress in meeting objectives.

Develop treatment and service plans by interviewing the individual, family members, and care providers; identify goals based on individual/family objectives and available resources; review client's social history, report observations and recommend changes; remediate deficits and provide intervention strategies; assist care providers in learning behavioral techniques to enhance the care provider/client relationship.

Implement treatment and service plans to support and strengthen family/care provider functioning; evaluate with the family/care provider the appropriateness of desired outcomes of the treatment/service plan and the effectiveness of the plan in meeting the client, family and care provider needs; review plan with client and

SERIES CONCEPT (cont'd)

family/care provider and revise as needed.

Provide case management services; develop treatment/service plans and monitor client and family progress; identify, obtain, coordinate, monitor and evaluate resources and services to meet client and family/care provider needs; assist clients in obtaining financial assistance; coordinate treatment and services with outside agency service providers; monitor work sites, school, and community-based placements; advocate for the client to ensure goals are accomplished and prepare and submit reports to courts and other agencies.

Develop external resources required to achieve identified treatment/service objectives; coordinate and facilitate services between agency, client, family and community organizations; provide information to providers regarding agency policy, procedure, and guidelines.

Identify funding sources and participate in writing grant proposals to expand services; participate on program review teams, provide technical assistance, prepare federal and State reports, and meet with professionals in local communities to develop program awareness and partnerships.

Conduct home visits; negotiate and write contracts for housing, in-home and other services; monitor providers to ensure services are provided; monitor quality of the living environment; train care providers as necessary; review billing forms for accuracy of services provided.

Provide crisis intervention including responding to emergency calls; search for missing clients; report instances of neglect and abuse to appropriate authorities; coordinate emergency services such as respite; restrain client or utilize appropriate behavioral and environmental controls for clients who may be hostile, combative, aggressive or assaultive; follow established protocols and policy to protect clients, staff, family and others potentially at risk due to client behavior or family dynamics.

Consult with other clinicians, medical personnel, vendors, contractors, school districts, other public agencies, community organizations, employers, and professionals in the legal system to exchange information; serve as motivator and negotiator to arrange and resolve service delivery issues.

Develop training curriculum regarding early childhood development, parenting skills and developmentally appropriate activities; organize training and present information to clients and family/care providers regarding methods to achieve developmental objectives in the treatment/service plan.

Develop and implement activities and therapeutic techniques; provide feedback, monitor treatment plans, and document client progress; function as primary or co-therapist in group therapy sessions and other treatment groups offered by the agency; assist family/care providers in learning behavioral techniques; guide care provider participation in treatment/service programs and meet with families/care providers to discuss client progress.

Prepare a variety of written reports related to the evaluation of clients and therapeutic services provided; document case notes in client files; provide information to treatment/service team members, other professionals, family members, care providers, and administrators regarding current evaluations and client progress; prepare and submit forms and documentation for billing purposes as required.

Supervise lower level professional, paraprofessional and support staff, teachers, university students and volunteers as assigned.

Perform related duties as assigned.

DEVELOPMENTAL SPECIALIST IV	37	B	10.133

CLASS CONCEPTS

Developmental Specialist IV: Under administrative supervision, incumbents supervise and direct the activities of lower level Developmental Specialists and other related professional, paraprofessional and support staff to implement program activities and ensure compliance with relevant policies and procedures in assigned program areas; ensure programs meet applicable licensing standards; prepare budget recommendations; and perform duties described in the series concept as required.

Developmental Specialist III: Under direction, incumbents perform a broad range of duties described in the series concept and may assist in program planning by developing goals and objectives, conducting needs assessments, and collecting and reporting information about the program. This is the journey level in the series.

Developmental Specialist II: Under general supervision, incumbents continue to receive training and gain experience in performing the duties described in the series concept.

Developmental Specialist I: Under immediate supervision, incumbents function in a trainee capacity and learn to perform duties described in the series concept.

MINIMUM QUALIFICATIONS

SPECIAL REQUIREMENTS:

- * Some positions must obtain an endorsement in Early Childhood Special Education issued by the Nevada Department of Education or a comparable certification issued by the Nevada Individuals with Disabilities Education Act (IDEA) Part C office within three years of appointment to this series or a comparable certification. (This license requirement applies only to those positions directly involved with children from birth to eight years of age with developmental delays.)
- * Some positions must meet federal guidelines for Qualified Intellectual Disabilities Professional designation at the time of appointment.
- * Some positions require work on evenings, weekends, and/or holidays.
- * Some positions require a valid driver’s license at time of appointment and as a condition of continuing employment.

DEVELOPMENTAL SPECIALIST IV

EDUCATION AND EXPERIENCE: Bachelor’s degree from an accredited college or university in early childhood, special education, human growth and development, psychology, counseling, social work or closely related field and three years of professional experience providing developmental, special education, intervention or treatment-oriented services for individuals who have or may be at risk for developmental delays, developmental disabilities, intellectual disabilities or related conditions; **OR** one year of experience as a Developmental Specialist III in Nevada State service; **OR** an equivalent combination of education at or above a Bachelor’s degree and experience as described above. (*See Special Requirements*)

ENTRY LEVEL KNOWLEDGE, SKILLS AND ABILITIES (required at time of application):
