<u>TITLE</u>	<u>GRADE</u>	<u>EEO-4</u>	<u>CODE</u>
<b>HEALTH INFORMATION DIRECTOR</b>	<b>35</b>	<b>B</b>	<b>10.231</b>
<b>HEALTH INFORMATION COORDINATOR II</b>	<b>31</b>	<b>B</b>	<b>10.233</b>
<b>HEALTH INFORMATION COORDINATOR I</b>	<b>29</b>	<b>E</b>	<b>10.234</b>
<b>HEALTH INFORMATION COORDINATOR TRAINEE</b>	<b>27</b>	<b>E</b>	<b>10.246</b>

**SERIES CONCEPT**

Positions allocated to this series have primary responsibility for coordinating the systematic storage, maintenance, retrieval, retention and release of health information for a comprehensive medical/clinical records system in compliance with applicable standards and licensing requirements, regulations, policies and procedures. Incumbents work in environments such as psychiatric outpatient clinics or inpatient hospitals, facilities for individuals with intellectual or developmental disabilities, skilled nursing facilities, intermediate care facilities, student health clinics, a high security mental health facility, or a prison facility in a clinic, medical infirmary and/or mental health unit for the treatment of the medically and/or mentally ill offenders.

Serve as liaison between the facility and survey teams from regulatory agencies and accrediting bodies by providing requested information and ease-of-access to medical records.

Prepare reports by researching various sources, ascertaining accuracy of information, compiling statistics, and summarizing findings in order to display health care data for administration, medical staff, and licensing, regulatory and accrediting agencies.

Participate in facility committees which develop, interpret and disseminate health information policies and procedures including determining the content of medical records, developing new forms, quality improvement activities, and other projects as assigned.

Prepare and maintain medical/clinical records according to facility standards and accepted filing methods and procedures; create new records; file documents in appropriate sections; thin and purge records according to established facility policies and procedures; archive records of patients no longer receiving services; provide technical assistance and training to facility staff regarding records maintenance practices.

Participate in quality improvement activities such as auditing records; verify completeness, flag deficiencies, notify appropriate personnel regarding deficiencies, and follow up until record is complete and properly documented; compile data, statistical reports and results of quality improvement audits as required.

Request and enter health information received from external sources including hospitals, clinics, physicians, laboratories and other providers to maintain complete and accurate medical records.

Maintain record and patient confidentiality in accordance with rights to privacy and related laws and regulations; control access to records and authorize release of information according to legal, facility and regulatory requirements; release information upon receipt of properly executed consent agreements or court orders; and protect patient identity when preparing reports for legal, licensing, or certifying agencies.

Prepare and maintain summaries, indexes and registers related to medical/clinical records to ensure efficient access and retrieval of data.

Perform administrative support duties related to medical office activities such as scheduling appointments and transcribing information as needed.

**SERIES CONCEPT (cont'd)**

Perform related duties as assigned.

\*\*\*\*\*

**CLASS CONCEPTS**

**Health Information Director:** Incumbents at this level organize, coordinate and administer a comprehensive health information system which includes multi-disciplinary medical/clinical records for an acute care facility, inpatient facility, correctional facility, skilled nursing facility, or facility for individuals with intellectual or developmental disabilities and outpatient services.

Incumbents at this level formulate, develop and implement policies and procedures related to the handling, dissemination, confidentiality and preservation of health information; provide technical expertise to treatment and other facility personnel concerning facility, legal and regulatory requirements related to the control, use and release of health information; oversee records quality assurance activities; supervise clerical support and medical records personnel involved in transcription, scanning, coding, indexing, chart analysis, release of information, storage and retrieval functions; and perform medical records duties as required.

**Health Information Coordinator II:** Incumbents at this level organize, coordinate and administer health information for a facility **OR** serve as the assistant Health Information Director where the majority of work performed is analytical and administrative. In addition, incumbents serve as a first-line supervisor including providing work direction, assigning and reviewing work, establishing work performance standards and evaluating performance, and providing counseling and discipline to subordinate staff in a medical records department.

**Health Information Coordinator I:** Incumbents at this level organize, coordinate and administer health information for a facility. This is the journey level in the series and incumbents perform the full range of duties described in the series concept.

**Health Information Coordinator Trainee:** Under close supervision, incumbents receive training in performing the duties described in the series concept and may progress to the next level upon meeting the minimum qualifications, satisfactory performance and with the approval of the appointing authority.

\*\*\*\*\*

**MINIMUM QUALIFICATIONS**

**SPECIAL REQUIREMENTS:**

- \* Some positions require certification as either a Registered Health Information Administrator (RHIA) or Registered Health Information Technician (RHIT) at the time of appointment or within one year of appointment. This requirement will be identified at the time of recruitment.
- \* Incumbents appointed at the Health Information Coordinator Trainee are required to successfully complete one semester length course in basic medical terminology within one year of appointment as a condition of continuing employment.
- \* Some positions require the ability to perform medical transcription, medical records abstraction, analysis, coding, indexing and/or scanning into the Electronic Medical Record (EMR). This requirement will be identified at the time of recruitment.

**HEALTH INFORMATION DIRECTOR**

EDUCATION AND EXPERIENCE: Bachelor's degree from an accredited college or university in Health Information Administration, Health Information Technology, or closely related field and two years of
