**CLASS SPECIFICATION**

<u>TITLE</u>	<u>GRADE</u>	<u>EEO-4</u>	<u>CODE</u>
<b>ENERGY OUTREACH COORDINATOR</b>	<b>37</b>	<b>B</b>	<b>7.764</b>

Under direction of the Nevada State Office of Energy (NSOE) Director, the Energy Outreach Coordinator performs and coordinates the public information campaigns and marketing strategies for the energy efficiency and energy conservation programs relating to State buildings, schools and transportation issues, and renewable energy programs.

Facilitate communication among the target population, federal and State agencies; develop federally mandated public outreach and access programs for energy stimulus projects; create and maintain outreach tools for public input, transparency and third party verification; develop presentations; design public information campaigns and marketing strategies for assigned programs and projects; develop and disperse media releases, newsletters and informational material; develop and maintain strong media alliances in support of the NSOE mission.

Develop marketing plans, strategies, goals and objectives; coordinate with program staff to ensure marketing objectives are understood, fully supported, and contribute to accomplishing the mission of the programs; prepare and coordinate media related activities.

Research and analyze current information on relevant issues in response to inquiries from the public, media, and various agencies and groups; advise and provide technical assistance; participate with public and private agencies in coordinating educational efforts; serve as point of contact for all public comments, input and questions regarding energy.

Educate the public regarding programs by designing and/or presenting educational and information campaigns; determine the target group and educational methods to use; design visual aids and educational materials; coordinate, schedule and conduct presentations.

Conduct and coordinate community outreach efforts; participate in community groups to create an awareness of the programs and resources available.

Develop the metrics and tracking system for marketing, advertising, and communications programs and strategies with input from the Director, Nevada Energy Commissioner, and the U.S. Department of Energy; measure the effectiveness of marketing, advertising, and communications programs and strategies for each grant program.

Work with the Department of Information Technology (DOIT) in developing, maintaining, and updating the content of the federally mandated ARRA State energy website that provides a contact foundation where current energy information and exchange is engendered; include web links in all marketing campaigns, driving strong and consistent traffic to the website.

Serve on committees and cooperative work efforts in support of program initiatives and activities.

May supervise professional and support staff as assigned.

Perform related duties as assigned.
