3. The employee shall provide an employment application and a list of classes and options he is seeking for reemployment to the Department of Personnel within 30 days after his layoff date. The agency shall provide the seniority calculations to the Department of Personnel.

4. Names of permanent employees who have received a layoff notice will be integrated with names of employees who are eligible for reemployment pursuant to NAC 284.6014.

5. Part-time employees are not entitled to be reemployed in full-time positions, and full-time employees are not entitled to be reemployed in part-time positions.

6. Seniority must be projected and counted up to the layoff date, or transfer date if the provisions of subsection 4 of NAC 284.394 apply. Seniority determines ranking on all reemployment lists and will not be recalculated unless the employee is affected by a subsequent layoff.

7. Each person on the list retains reemployment eligibility for 1 year after the layoff date. Except as otherwise provided in this section, reemployment rights are exhausted when a person accepts or declines an offer of employment in the class or a comparable class with the same grade in the department and geographical location of the layoff. Any exception to this provision must be approved by the Department of Personnel. When a person accepts a position at a grade lower than that held at the time of layoff, his name will be removed from all reemployment lists that are equal to or below the grade accepted.

8. A permanent employee who has been laid off and is being reemployed in the department, class and option from which he was laid off must have his permanent status restored. A permanent employee who is reemployed in a different class or in a different department must serve a new probationary period. If the employee does not complete the probationary period, his name must be restored to the appropriate reemployment list for any remaining part of the year following the layoff date. When the right to reemployment expires, the person affected retains his right to reinstatement or reappointment pursuant to NAC 284.386 or 284.404.

(a) Except as otherwise provided in this section, the total number of years of continuous full-time equivalent service up to the effective date of the layoff must be included.

(b) Except as otherwise provided in subsection 2, the sum of the calculation made pursuant to paragraph (a) or, if applicable, subsection 5 must be reduced by the following periods if those periods occurred during the 36 months immediately preceding the date of the notification of layoff:

(1) For a nonexempt employee, any combination of leave without pay and catastrophic leave in excess of 240 hours in the period preceding the date of the notification of layoff equal to 12 months of full-time equivalent service;

(2) For an exempt classified employee or exempt unclassified employee, any combination of leave without pay and catastrophic leave in excess of 30 working days in the period preceding the date of the notification of layoff equal to 12 months of full-time equivalent service; and

(3) Any time covered by a report on performance which rated the employee below standard, excluding evaluations received within 75 calendar days before the notification of layoff.

2. For the purposes of the reduction in the calculation of seniority required by paragraph (b) of subsection 1:

(a) The reduction may not include:

(1) A leave of absence without pay during a fiscal emergency of the State or an agency pursuant to NAC 284.580;

(3) A military leave of absence pursuant to NRS 284.359.

(b) As set forth in subparagraphs (1) and (2) of paragraph (b) of subsection 1, an employee whose base hours are more than 80 hours biweekly must be allotted additional leave without pay and catastrophic leave in proportion to the base hours for his pay class designation.

3. For the purposes of calculating seniority for layoff, if seniority is otherwise equal, seniority must be determined in the following order:

(a) Total time within the occupational group;

(b) Total time within the department; and

(c) By lot.

4. For the purposes of calculating seniority for reemployment, if seniority is otherwise equal, seniority must be determined by lot.

5. A department may request from the Commission approval to calculate the number of years of continuous full-time equivalent service of an employee of the department by doubling the time spent by the employee in his present occupational group as categorized by NRS 284.171 and adding that amount to the time spent by the employee in all former occupational groups up to the date of layoff. If the Commission approves the request of the department to calculate the number of years of service pursuant to this section, the department shall use this method to calculate the number of years of service:

(a) Only to determine which employees will receive a layoff notice and not for the placement of those employees on the reemployment list; and

(b) Until the department seeks from and is granted approval by the Commission to revert to the method of calculating the number of years of service set forth in paragraph (a) of subsection 1.
