Veteran definition for State of Nevada veteran hiring preferences

State of Nevada Veteran hiring preferences are outlined in AB89 using the definition for “Veteran” as prescribed in NRS 417.005 which states as of 10/1/2019:

“Veteran” means a person who:

- 1) Was regularly enlisted, drafted, inducted, or commissioned in the:
 - (a) Armed Forces of the United States and was accepted for and assigned to active duty in the Armed Forces of the United States;
 - (b) National Guard or a reserve component of the Armed Forces of the United States and was accepted for and assigned to duty for a minimum of 6 continuous years; or
 - (c) Commissioned Corp of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States and served in the capacity of a commissioned officer while on active duty in defense of the United States; and
- 2) Was separated from such service under conditions other than dishonorable.

AB 89 utilizes the definition for “Veteran with a service-connected disability” as prescribed in NRS 338.13843 which states:

“Veteran with a service-connected disability” means a veteran of the Armed Forces of the United States who has a service-connected disability of at least zero percent as determined by the United States Department of Veterans Affairs.

- *US Code and other Nevada Revised Statute’s “Veteran” definitions vary based on eligibility for various services, but are not applicable when determining hiring preference eligibility for the State of Nevada.*

Documentation for Veterans who have previously served on active duty

- ❖ Active duty is considered full time service in any branch of the United States Armed Forces. Individuals who have been accepted for and assigned to active duty receive a DD214 upon completion of their active duty service. The form DD214 is the most commonly used document that provides proof that an individual served on active duty, and this document also states their service characterization.
- ❖ Provided DD214's must be finalized and signed by an authorized authority and the service characterization must be anything other than dishonorable to be eligible for veteran hiring preference with the State of Nevada.

An example of a form DD214 Member - 1 copy. This copy is called the short form and does not list the service characterization and **cannot** be used to determine eligibility for veteran hiring preferences with the State of Nevada.

Documentation for Veterans with a service-connected disability

- ❖ “Veteran with a service-connected disability” is a veteran of the Armed Forces of the United States who has a service-connected disability of at least zero percent as determined by the United States Department of Veterans Affairs.
- ❖ To meet the criteria of a “veteran with a service-connected disability”, individuals need to provide documentation from the Veterans Affairs stating they have been awarded a rating of at least zero percent.
- ❖ The most common documents are in a memo format often titled as a VA Rating Notification Letter or VA Benefits Summary Letter. These letters provide the rating percentage as well as the service characterization and it is dual purpose as it also verifies the individual’s status as a “Veteran”.
- ❖ Similar letters may also be provided and can be used to determine eligibility and in some cases a signed Standard Form (SF) 15 may be provided. As with the DD214, reviewers must ensure it is an approved and final document and contains the necessary information to make an eligibility determination.

Enclosure: Standard Form 15

Letter states type of discharge and rating percentage

Letter formats may vary, but all must state the individual has a service-connected disability and that they separated under anything but dishonorable conditions.

Documentation for Guard and Reserve Members

- ❖ National Guard members and Reserve members are regularly enlisted, inducted, or commissioned in the Armed Forces of the United States. However, National Guard members and Reserve members are not always assigned to active duty and they will not have a DD214 if they have not completed active duty service.
- ❖ To meet the definition of a “Veteran” without proof of active duty service, National Guard members and Reserve members must provide documentation demonstrating they have had 6 continuous years of service in the National Guard or Reserve.
- ❖ A common form is the National Guard Bureau (NGB) Form 22 which serves as the DD214 equivalent for the National Guard.
- ❖ National Guard and Reserve members may also provide “statement of service” letters from their Guard or Reserve units. Such letters can be used to make an eligibility determination if the letter is on an official letterhead, provides the dates of service, the service characterization, and is signed by an authorized official.

State of Nevada Veteran Definition & Documentation Guide

Date of enlistment (ENL) is the date service started.

Terminal Date of service obligation is the date service ended

Service characterization, must be anything but dishonorable

To determine eligibility, these two dates must be calculated and at least equate to 6 years of continuous service

Documentation for Widows and Widowers of Veterans

- ❖ In accordance with AB89, widows and widowers of persons killed in the line of duty while on active duty in the Armed Forces of the United States and widows and widowers of Veterans are eligible for additional preference when applying for State of Nevada positions.
- ❖ To verify if an applicant is a widow or widower of a person killed in the line of duty, a DD Form 1300 “Report of Casualty” must be submitted with the application. Additionally, the applicant may need to provide a copy of their marriage certificate indicating they were married to the person who is deceased.
 - ❖ DD1300’s are essentially a military death certificate and provide an official record of the death or missing status of a military member and this form is also utilized by various federal agencies to determine eligibility for services and benefits. A certified DD1300 will always be provided to the spouse or the Next of Kin after the death of an active duty military member.
- ❖ Widows and widowers of Veterans are authorized to obtain copies of their spouse’s DD214 and must provide a completed DD214 or a “statement of service” letter and a copy of their marriage certificate to be eligible for additional preference.

Other types of documentation

- ❖ The Veterans Identification Card Act was signed into law in 2015 and authorized the VA to begin issuing a national Veterans Identification Card (VIC). Cards began to be initially issued in November 2017 and are only provided to veterans with an honorable discharge so these cards can be used to verify eligibility for State of Nevada veteran hiring preferences.
- ❖ The Veterans Identification Card will provide information such as a member number, if the individual has a service-connected disability, and what branch of the service they served in.
- ❖ Veterans Identification Cards should not be confused with VA Employee I.D's or Volunteer I.D's that provide little to no information about the individual and cannot be used to verify a person's status as a veteran.

FAQ's

I have an applicant who provided a DD214 and it shows the service characterization as honorable, but they only spent a month in the military. Do they qualify as Veteran for hiring preference purposes?

Yes. The definition as prescribed in NRS 417.005 does not establish any minimum periods of time served for Veterans who have been placed on active duty.

I have an applicant that is a current employee who has applied for multiple promotion opportunities. Is there a limit on the number of times their Veteran preference can be applied?

No. AB89 lifts previous restrictions and qualified veteran applicants are eligible for additional preference without limitation.

I have an applicant that is still serving on active duty in Nevada; what documentation do they need to provide?

Active Duty applicants can have up to 4 months of accrued leave prior to the end of their contract so oftentimes they apply and are available for work before their contract has ended. DD214's are not provided until after the contract period is concluded so active duty applicants need to provide a "statement of service letter" on an official letterhead stating the dates of service, service characterization, and signature by an authorized official.

I have an applicant that provided a DD214 that states "medical discharge". Are they considered a disabled veteran?

No. To meet the definition of a veteran with a service-connected disability, the Department of Veteran Affairs (VA) has to make that determination and the applicant must provide documentation from the VA as DD214's are issued by the Department of Defense.

I have an applicant that provided a NGB Form 22 and under "net service this period" it states 2 years. Is that the total time they have served in the National Guard?

No. Net service is calculated differently and is akin to stating you have been employed by the State for 40 hours instead of 1 week. The only way to calculate time served in the Guard using this form is by comparing the date of enlistment to the terminal date of service obligation as outlined previously.
