# NOTICE OF PROPOSED CLASSIFICATION CHANGES

Number: **Posting #18-18**  
Posting Expires: **April 27, 2018**

Per NRS 284.160, the Administrator may make a change in classification without the prior approval of the Commission. The following change(s) are proposed

CURRENT				PROPOSED			
CODE	TITLE	GRADE	EEO-4	CODE	TITLE	GRADE	EE0-4
10.540	Medical Marijuana Program Supervisor	38	B	<i>10.540</i>	<i>Marijuana Program Supervisor</i>	<i>38</i>	<i>B</i>

10.542	Medical Marijuana Program Inspector I	34	B	<i>10.542</i>	<i>Marijuana Program Inspector I</i>	<i>34</i>	<i>B</i>

## ***Basis for Recommendation***

The Department of Taxation, Marijuana Regulation & Control unit, requested a review of the Medical Marijuana Program Inspector Series resulting from the legalization of marijuana in the State of Nevada.

Due to the legalization of marijuana, it is recommended that titles be changed to eliminate the reference to medical as the duties and responsibilities will no longer be limited to medical marijuana facilities. It is also recommended that references to “medical” in the series and class concept as well as the minimum qualifications be removed.

It is further recommended that minor revisions be made to the Education & Experience section of the Minimum Qualifications to maintain consistency with formatting and structure. Lastly, minor changes were made to the Education & Experience section of the Marijuana Program Inspector I to clarify experience required and allow for equivalent State experience.

Throughout the review, management staff within Taxation and analysts within DHRM participated by offering recommendations and reviewing changes as the process progressed and they support the recommended changes.

***Note: Changes to the class specifications are noted as follows: additions in blue and deletions in red.***

The formal recommendations and specifications are on file with the Division Administrator, Human Resource Management. To view a copy in Carson City, go to 209 East Musser Street, Room 101; in Las Vegas, go to 555 East Washington Avenue, Room 1400. For more information call (775) 684-0130.

**Objections to the proposed change(s) must be received in writing by April 27, 2018.** Objections should be addressed to Heather A Dapice, Supervisory Personnel Analyst, Compensation, Classification and Recruitment Section of the Division of Human Resource Management, 209 East Musser Street, Room 101, Carson City, Nevada 89701-4204.

**SERIES CONCEPT**

**[Medical]** Marijuana Program Inspectors are responsible for monitoring Statewide, privately owned **[medical]** marijuana facilities including cultivation facilities, facilities for the production of edible marijuana or marijuana-infused products, independent testing laboratories, *distributors* and **[medical]** marijuana dispensaries to ensure compliance with State laws and regulations and for public health protection.

Participate in entrance meetings with facility owners and representatives to explain the inspection process, legal requirements, solicit cooperation and obtain access to the facility and information needed to conduct the inspection.

Conduct on-site inspection of facilities, including laboratories, to include the review of policies and procedures, equipment, building plans, water supply and materials; processing, handling and monitoring of product; quality assurance programs; and patient records to protect public health and ensure products are provided in accordance with applicable laws and standards and physician's orders.

Review security and control measures to include controlled access to restricted areas, storage and transportation of **[medical]** marijuana and marijuana products, dispensary records, chain of custody records and disposal of plants and product to ensure compliance with applicable laws and regulations.

Document inspection findings in comprehensive reports to include: detailing lack of compliance with laws and regulations; deficiencies regarding controls, procedures and operations; supporting facts and documentation; and recommendations for corrective action. Participate in exit meetings to discuss findings and respond to questions. Determine certification *and license* status, take appropriate enforcement action and prepare violation notices and related documents. Conduct follow-up inspections as required.

Assist in the investigation of water borne and food borne illnesses traced back to regulated facilities; identify possible vector control or public health issues; conduct product, water or other material sampling; analyze data; conduct interviews with affected individuals and others to identify source of illness and to ensure remedial measures are taken.

Investigate complaints associated with facility operations; interview complainant and relevant parties; may conduct surveillance and obtain information from confidential sources; coordinate with other regulators and law enforcement as required; document findings of investigation and take appropriate action; maintain case files.

Coordinate work related inspection and oversight of facilities with State, federal and local agencies such as the Food and Drug Administration, Environmental Protection Agency and county health departments; may respond to emergency situations such as chemical spills or transportation accidents involving **[medical]** marijuana and/or **[edible or infused medical]** marijuana products.

Present and support inspection or investigation findings and recommended enforcement actions to division managers, administrators, legal representatives and other pertinent parties. May present information and/or testify before the **[State Board of Health]** *Taxation Commission*, or at administrative or court hearings.
