<u>TITLE</u>	<u>GRADE</u>	<u>EEO-4</u>	<u>CODE</u>
STATE RECORDS MANAGER	37	A	4.204
RECORDS ANALYST II	33	B	4.210
RECORDS ANALYST I	31	B	4.212

SERIES CONCEPT

The State Records Manager and Records Analysts perform a broad range of professional duties in support of the State Records Center which houses and provides access to agency records. Incumbents perform administrative work in planning, coordinating and directing activities in a records management program that is responsible for the maintenance, use, retention and disposition of government records statewide.

Review record series inventories from State agencies, boards and commissions and local government agencies to determine the administrative, fiscal and legal value, and make recommendations concerning the archival research value; research applicable laws, regulations, policies, and procedures.

Establish, review and update records retention schedules to ensure official State and local government records are retained and disposed of in conformance with legal requirements and the policies and needs of the agencies; recommend retention periods based on information gathered during the inventory and appraisal processes and seek final approval of the recommendation from appropriate sources such as the State Records Committee or the State Library, Archives and Public Records Administrator.

Assist in the establishment of efficient and cost effective records management programs by serving as a consultant to State and local governments; provide services ranging from responding to inquiries to preparing and conducting workshops and training modules; provide assistance and expertise in all aspects of records management including records storage facilities and equipment, micrographics, electronic content management systems, vital records program, file systems, forms design and management.

Transfer and arrange records, access to stored records, and destruction of obsolete records; assign shelf space locations and accession numbers to records boxes; retrieve materials replace records and files when returned; properly dispose of files having expired retention requirements.

Promote professional and public awareness of records management programs through oral presentations and participation in professional organizations.

Perform related duties as assigned.

CLASS CONCEPTS

State Records Manager: Under administrative direction of the Deputy Administrator, the incumbent manages the Records Management program of the Archives & Records section within the Nevada State Library, Archives and Public Records (NSLAPR) Division and oversees and/or performs the full range of duties described in the series concept.

Direct the operation of the State Records Center; instruct others as to what materials constitute records; develop procedures for accepting materials into the records center and accessing materials stored there; supervise the

CLASS CONCEPTS (cont'd)

State Records Manager: (cont'd)

destruction of obsolete records by reviewing accession sheets to verify retention period and ensuring agency records officers receive proper notification; produce documentation and authorize transfer of material determined to have historical value to the archives.

Develop policy and procedure recommendations pertaining to the management of State and local government records; identify the records management needs and responsibilities of State and local government entities; evaluate the ability of the Records Management program to fulfill their requirements; review and incorporate applicable federal and State statutes and professional standards and principles; follow established procedures to develop formal regulations from approved recommendations; produce manuals and informational pamphlets concerning records management for distribution to government agencies; draft and submit for proposals for new or revised legislation pertaining to records management issues.

Supervise subordinate staff to include performance evaluations, work performance standards, scheduling, work assignment and review, training and discipline.

Coordinate with management to seek funding for special projects, justify the need for the project, summarize the objectives and project plan, estimate associated personnel and non-personnel related expenses, and develop time lines; participate in administration of the grant by recruiting, interviewing and hiring personnel for the project; monitor and review progress of work; prepare project reports.

Represent the Records Management program at professional meetings by presenting papers and serving on committees; write articles for professional journals, newsletters and online publications.

Provide legislative testimony at the request of the Deputy Administrator.

Records Analyst II: Under general direction of the State Records Manager, incumbents perform the full range of duties described in the series concept and supervise other Records Analysts and support staff. This is the journey level class in the series.

Records Analyst I: Under close supervision, incumbents perform duties described in the series concept in a training capacity. This is the entry level class in the series, and progression to the next level may occur upon meeting the minimum qualifications, satisfactory performance and with the approval of the appointing authority.
