**CLASS SPECIFICATION**

<u>TITLE</u>	<u>GRADE</u>	<u>EEO-4</u>	<u>CODE</u>
<b>GROUNDS SUPERVISOR III</b>	<b>32</b>	<b>H</b>	<b>9.610</b>
<b>GROUNDS SUPERVISOR II</b>	<b>30</b>	<b>H</b>	<b>9.620</b>
<b>GROUNDS SUPERVISOR I</b>	<b>28</b>	<b>H</b>	<b>9.627</b>

**SERIES CONCEPT**

Perform and/or plan and schedule a variety of landscape and grounds maintenance activities such as planting, mowing, irrigating, pruning, fertilizing, and keeping grounds clean and free of trash, leaves, snow, and ice; supervise a crew of semi-skilled workers engaged in grounds maintenance by assigning tasks, reviewing work, and providing training, performance evaluations and discipline.

Apply modern methods of horticulture, irrigation, and grounds maintenance to plan and schedule work according to seasonal demands, agency needs and budget restrictions; may design plans for landscape alterations such as sprinkler system expansion and oversee installation.

Calculate applications of sod, seed, herbicides, pesticides, and fertilizers; purchase materials; maintain inventories; evaluate and solve problems related to management of turf, shrubs, flowers, and irrigation systems such as erosion control, soil stabilization, removal of diseased vegetation, subsequent revegetation, and weed abatement; contact a variety of vendors and contractors regarding applicable landscape techniques and materials.

Oversee landscape projects by reviewing plans and blueprints, purchasing materials, organizing staff and equipment, delegating tasks, and inspecting work completed; work directly with contractors and vendors to ensure services are being provided in accordance with expectations and materials are delivered correctly and on time.

Plan and oversee the installation and repair of sprinkler and drip irrigation systems; may perform some of the more complex maintenance on irrigation systems such as repairing or replacing timing devices and automatic valves; may contact vendors or contractors for technical assistance while planning or installing new irrigation systems.

Oversee and coordinate the setup and removal of equipment, fixtures and furniture used for special events such as exhibits, ceremonies and sporting events.

Establish preventive maintenance schedules for grounds service equipment such as pickup trucks, tractors, and mowers in order to validate warranties and prolong the life of the equipment.

Ensure that stock materials in the warehouse and in the lay-down yard are replenished and available for use.

Perform related duties as assigned.

\*\*\*\*\*

**CLASS CONCEPTS**

**Grounds Supervisor III:** Under general supervision, incumbents direct a major grounds maintenance program such as one located on a main university campus. Incumbents direct all or part of the duties described in the series concept and provide support to lower-level supervisors by reviewing performance evaluations, making higher-level disciplinary decisions and conducting developmental training. They also coordinate facility use by meeting

**CLASS CONCEPTS (cont'd)**

**Grounds Supervisor III:** (cont'd)

with internal staff and external non-campus representatives in order to make decisions regarding site preparation and landscape modification or construction.

Positions at this level are characterized by directing grounds maintenance at a large facility at which incumbents are responsible for landscape construction and modification, complex irrigation systems and a variety of floral displays and species of trees and shrubs. Positions in this class are distinguished from those at the lower level by the supervisory responsibility for subordinate supervisors; the scope of administrative duties and decision making; and both internal and external contacts that impact a facility having a large, diverse grounds maintenance program.

**Grounds Supervisor II:** Under general supervision, incumbents perform all or part of the duties in the series concept and perform administrative duties; plan and schedule grounds maintenance activities; provide systematic schedules for seasonal activities; meet with administrative staff to formulate budgets and track expenditures; coordinate support activities from outside entities; make purchases, maintain inventory, and keep records of purchases, scheduled maintenance and personnel activities. Incumbents may regulate a greenhouse environment by controlling temperature, humidity and sunlight and perform specialized work in the greenhouse by propagating plants, testing soils, and developing fertilizing formulas that produce optimum growing conditions.

Positions at this level are characterized by responsibility for cultivated acreage that includes complex irrigation systems, a variety of floral displays and species of shrubs and trees and landscape construction projects that occur on a regular basis. Positions in this class are distinguished from those at the lower level in the complexity and variety of work performed such as designing landscape alterations and irrigation systems and planning and overseeing the installation of a variety of annual and perennial floral displays which require a wider range of landscape applications. In addition, incumbents have supervisory responsibility for a diverse staff of Grounds Maintenance Workers.

**Grounds Supervisor I:** Under general supervision, incumbents perform all or part of the duties in the series concept. Incumbents are working supervisors at a facility where the majority of the groundskeeping duties pertain to lawn maintenance and do not typically require maintenance or development of complex floral displays or planting and maintenance of extensive trees and shrubs. Positions at this level are generally not required to prepare formal landscape designs or make decisions or recommendations regarding landscape construction or alteration on a regular basis. Incumbents supervise a small single unit of semi-skilled workers.

### MINIMUM QUALIFICATIONS (cont'd)

#### GROUNDS SUPERVISOR III (cont'd)

**EDUCATION AND EXPERIENCE:** (cont'd)

Grounds Supervisor II in Nevada State service; **OR** an equivalent combination of education and experience as described above. *(See Special Requirements)*

**ENTRY LEVEL KNOWLEDGE, SKILLS, AND ABILITIES** (required at time of application):

**Working knowledge of:** landscape construction and modification; operation and maintenance of irrigation systems; proper care of a variety of floral displays and species of trees and shrubs. **Ability to:** respond to both internal and external inquiries regarding the grounds service program; solve problems relative to personnel management and program development within policy guidelines; establish effective working relationship with agency staff, community representatives and the general public; delegate responsibility to lower-level supervisors; *and all knowledge, skills, and abilities required at the lower levels.*

**FULL PERFORMANCE KNOWLEDGE, SKILLS, AND ABILITIES** (typically acquired on the job):

**Working knowledge of:** administrative policies and procedures applicable to personnel management, budgeting and purchasing. **Ability to:** plan, organize, coordinate, and schedule the work of multiple grounds crews; direct and oversee the grounds maintenance program at a facility with floral displays and various species of scrubs and trees.

#### GROUNDS SUPERVISOR II

**EDUCATION AND EXPERIENCE:** Graduation from high school or equivalent education and two years of experience supervising a small work unit engaged in general grounds and turf maintenance; **OR** one year of experience as a Grounds Supervisor I in Nevada State service; **OR** an equivalent combination of education and experience as described above. *(See Special Requirements)*

**ENTRY LEVEL KNOWLEDGE, SKILLS, AND ABILITIES** (required at time of application):

**Working knowledge of:** modern methods of propagating, planting, cultivating, and caring for flowers, trees, and shrubs; tools, equipment and vehicles used in grounds work; irrigation system, operation, design, and installation; greenhouse operations. **Ability to:** install and maintain a wide variety of plants, shrubs, trees, and floral displays; identify and resolve grounds maintenance issues; design landscape alteration and construction projects; select appropriate plant and construction material; plan and organize work; care for plants in a greenhouse environment; *and all knowledge, skills, and abilities required at the lower level.*

**FULL PERFORMANCE KNOWLEDGE, SKILLS, AND ABILITIES** (typically acquired on the job):

*(These are identical to the Entry Level Knowledge, Skills, and Abilities required for Grounds Supervisor III.)*

#### GROUNDS SUPERVISOR I

**EDUCATION AND EXPERIENCE:** Graduation from high school or equivalent education and one year of experience supervising a small work unit performing grounds maintenance, or maintaining, repairing or constructing irrigation systems; **OR** one year of experience as a Grounds Maintenance Worker V in Nevada State service; **OR** two years of experience as a Grounds Maintenance Worker IV in Nevada State service; **OR** an equivalent combination of education and experience as described above. *(See Special Requirements)*

**ENTRY LEVEL KNOWLEDGE, SKILLS, AND ABILITIES** (required at time of application):

**Working knowledge of:** the practices, techniques, equipment, and materials used in gardening and grounds maintenance; methods, techniques and equipment used in turf maintenance; health and safety regulations and practices applicable to grounds maintenance; principles and practices of training and supervision; plant diseases and appropriate methods of control; pest and weed control; equipment, materials and safety procedures associated with pesticide and herbicide application. **Ability to:** plan, schedule and assign tasks according to seasonal demands, agency needs and available work force; read landscape plans and blueprints
