

STATE OF NEVADA
Department of Administration
Division of Human Resource Management

CLASS SPECIFICATION

<u>TITLE</u>	<u>GRADE</u>	<u>EEO-4</u>	<u>CODE</u>
ENERGY PROGRAM MANAGER	41	B	7.758

Within the Governor’s Office of Energy (GOE), Energy Program Managers plan, organize, coordinate, administer, direct, and evaluate complex statewide energy programs and activities to ensure compliance with State and federal laws and regulations.

Establish goals, objectives, schedules, policies, and procedures compatible with statutory, regulatory and GOE requirements; develop work plans, budgets, and applications for federal grants in accordance with applicable laws and regulations; and conduct on-site visits to projects to ensure progress and compliance.

Provide programmatic direction and guidance to effectively achieve objectives and strategies; develop, implement, and provide day-to-day oversight of assigned program and project areas; direct subordinates in the execution of strategies to attain goals and objectives.

Train, supervise and evaluate the performance of professional, technical and support staff; assign and review work; provide guidance and training; monitor and evaluate progress on projects; and provide counseling and discipline as required.

Assist in the preparation of grant applications and oversee preparation of interim and final reports to funding agencies; develop public and private partnerships to encourage support for funding energy efficiency and conservation programs at the State and local levels.

Plan and coordinate activities and projects with other agencies, public and private organizations and industry representatives; write requests for proposals and facilitate selection committees; represent GOE at various hearings, meetings and conferences to provide information and answer questions pertaining to federal and State regulations and GOE policies, procedures and programs; provide technical assistance to various committees and groups; and serve on regional and national oversight boards and committees.

Prepare informational materials to assist the GOE Director in developing agency policies, procedures, and guidelines; provide technical information for public information campaigns and marketing strategies for assigned programs and projects.

Perform related duties as assigned.

MINIMUM QUALIFICATIONS

SPECIAL REQUIREMENT:

- * A valid driver’s license or evidence of equivalent mobility is required at the time of appointment and as a condition of continuing employment.

INFORMATIONAL NOTES:

- * Positions may require specialized certification, education, and/or experience specific to the program assigned and will be identified by the agency at the time of recruitment.

MINIMUM QUALIFICATIONS (cont'd)

ENERGY PROGRAM MANAGER

EDUCATION AND EXPERIENCE: Bachelor's degree from an accredited college or university and four years of professional experience planning, designing, administering and evaluating programs and/or projects, to include one or more of the following: strategic planning and analysis; fiscal management to include budget development, implementation and monitoring; federal grant development or management to include grant writing, monitoring and/or ensuring compliance with grant deliverables; including one year of the above experience at the State, federal, county, and/or local government level and one year of supervisory experience; **OR** graduation from high school or equivalent education and six years of professional experience as described above, which included one year of this experience at the State, federal, county, and/or local government level and one year of supervisory experience; **OR** two years of experience as a Management Analyst III or Grants & Projects Analyst III in Nevada State service performing duties as described above, which included one year of supervisory experience; **OR** an equivalent combination of education and experience as described above. (See *Special Requirement and Informational Notes*)

ENTRY LEVEL KNOWLEDGE, SKILLS, AND ABILITIES (required at time of application):

Working knowledge of: budget preparation and fiscal management; strategic planning processes; public and private funding sources; advocacy techniques. **General knowledge of:** theories, principles, techniques, and practices applicable to the administration and/or implementation of energy efficiency, conservation, and/or renewable energy programs and/or projects; governmental and legislative procedures; supervisory principles and practices. **Ability to:** implement the mission, goals and objectives for the GOE; plan, design, administer and evaluate energy-related programs and projects; supervise staff; establish and maintain positive working relationships with agency management, staff, local and federal officials, and the general public; communicate effectively both verbally and in writing; prepare technical and fiscal reports, professional papers, program guidelines and other materials and publications to include issues of public policy, economic impact and related areas.

FULL PERFORMANCE KNOWLEDGE, SKILLS, AND ABILITIES (typically acquired on the job):

Working knowledge of: agency policies, procedures, and guidelines; public sector administration to include budget preparation, fiscal management, and governmental and legislative procedures. **Ability to:** develop cooperative partnerships with local, State, regional and federal agencies and with non-profit and private sector organizations; prepare and research grant proposals to government agencies, foundations, and private funding institutions; prepare input and review legislative bill draft requests; represent GOE and the State on boards and committees of State, regional and national organizations.
