MEMORANDUM

HR#16-17

REVISED

April 7, 2017

TO: DHRM Listserv Recipients

FROM: Peter Long, Administrator *Peter Long*
Division of Human Resource Management

SUBJECT: PROPOSED CLASSIFICATION CHANGES

Attached are proposed classification changes for your information pursuant to NRS 284.160, subsections 3 through 5. If you have any comments or objections regarding these changes, please send your written notification to Cassie Moir at cmoir@admin.nv.gov no later than May 5, 2017.

If no written objections are received in this office by May 5, 2017, action will be taken to effect the changes and a report will be made to the Personnel Commission.

NOTICE OF PROPOSED CLASSIFICATION CHANGES

Number: Posting #24-17
Posting Expires: May 5, 2017

Per NRS 284.160, the Administrator may make a change in classification without the prior approval of the Commission. The following change(s) are proposed

CURRENT				PROPOSED			
CODE	TITLE	GRADE	EEO-4	CODE	TITLE	GRADE	EE0-4
10.238	Health Program Specialist II	37	B	<i>10.238</i>	<i>Health Program Specialist II</i>	<i>37</i>	<i>B</i>
10.237	Health Program Specialist I	35	B	<i>10.237</i>	<i>Health Program Specialist I</i>	<i>35</i>	<i>B</i>

Basis for Recommendation

At the request of the Department of Health and Human Services (DHHS), Division of Public and Behavioral Health (DPBH), the Division of Human Resource Management has conducted a review of the Health Program Specialist series. Analysts within the Division of Human Resource Management partnered with subject matter experts from DPBH, and as a result of this review, it is recommended that revisions be made to the minimum qualifications. It is also recommended that minor revisions be made to the series concept, class concept and minimum qualifications, to maintain consistency with verbiage, formatting and structure.

The agency feels that the recommended changes will improve recruitment efforts without reducing the quality of candidates.

Throughout the process, management staff within DHHS and analysts within the Division of Human Resource Management participated by offering recommendations and reviewing changes as the process progressed and they support the recommended changes.

Note: Changes, additions and/or deletions on the class specification are noted in red.

The formal recommendations and specifications are on file with the Division Administrator, Human Resource Management. To view a copy in Carson City, go to 209 East Musser Street, Room 101; in Las Vegas, go to 555 East Washington Avenue, Room 1400. For more information call (775) 684-0130.

Objections to the proposed change(s) must be received in writing by May 5, 2017. Objections should be addressed to Cassie Moir, Deputy Division Administrator, Compensation, Classification and Recruitment Section of the Division of Human Resource Management, 209 East Musser Street, Room 101, Carson City, Nevada 89701-4204.

CLASS SPECIFICATION

<u>TITLE</u>	<u>GRADE</u>	<u>EEO-4</u>	<u>CODE</u>
HEALTH PROGRAM SPECIALIST II	37	B	10.238
HEALTH PROGRAM SPECIALIST I	35	B	10.237

SERIES CONCEPT

Health Program Specialists plan, develop, implement and evaluate health services and activities; conduct research and analyze health data and statistics; develop goals, objectives, program requirements and procedures; provide technical information regarding specialized health related conditions; and participate and provide support to various committees, advisory boards and other work groups. Duties are related to one or more specialized health programs which operate on a statewide basis and focus on the prevention, early detection, treatment, education[5] and tracking of data relevant to a specific communicable or chronic disease, maternal and child health, nutrition and other conditions which impact the health of under-served or target groups within the general population.

Health Program Specialists perform analytical work specifically related to the collection and analysis of data, identification of trends and preparation of statistical reports[5] and the development, implementation and evaluation of the programs to which assigned. Positions in this series differ from Health Program Managers whose work is managerial in nature and includes budget development and control, supervision of professional, technical and clerical personnel, grant administration[5] and ensuring compliance with program regulations and requirements.

Research, collect and analyze health data and statistics; identify health issues, trends and prevalence of specific diseases and conditions; assess community, regional[5] and statewide needs and resources; develop recommendations for program development and expansion, resource allocation[5] and interventions for at-risk populations.

Develop objectives, protocols and procedures for assigned health program areas; establish performance indicators and benchmarks to evaluate program effectiveness and accomplishment of desired outcomes; develop quality assurance measures to ensure adherence to agency, federal or other standards and guidelines; establish program eligibility requirements and approve program participation and reimbursement for services as required.

Develop outreach strategies for target and at-risk populations; collaborate with individual community members and other public and private services and groups to develop and provide a community outreach coalition; serve on committees and represent the division on advisory boards to promote awareness and network with special interest groups.

Serve as a consultant and technical advisor in an assigned program specifically designed to provide prevention, identification and treatment services to individuals either diagnosed or at risk of contracting life and health threatening diseases and/or conditions; provide technical assistance to staff and service providers to ensure program activities comply with established regulations, policies, procedures and program parameters; visit service providers to establish and maintain provider networks, monitor compliance with program requirements, and develop and implement corrective action plans as required.

Promote statewide wellness through public education, outreach[5] and coordination of preventive/specific health care services; conduct or assist in conducting public education, outreach campaigns[5] and promotional activities to publicize disease prevention and health awareness; coordinate informational and educational

SERIES CONCEPT (cont'd)

conferences and meetings related to program area; develop educational and promotional materials, bulletins [5] and newsletters as required; prepare press releases and public service announcements [5] and legislative testimony as required.

Prepare funding requests and monitor expenditures; assist in preparing budgets; prepare grant applications to secure and maintain funding including writing and amending program descriptions and compiling required financial data; participate in planning and needs assessments for future funding cycles; develop, prepare and administer agreements and contracts as required; prepare and submit narrative and statistical reports related to program activities as required.

Supervise technical and clerical staff as assigned.

Perform related duties as assigned.

CLASS CONCEPTS

Health Program Specialist II: Under direction, incumbents at this level plan, organize and coordinate an assigned health program which is statewide in scope [5] and supervise a small staff comprised of professional and/or technical personnel. Health Program Specialist II's are distinguished from Health Program Specialist I's by greater complexity of the program area, advanced level knowledge, skills and abilities required [5] and supervisory responsibility for professional and/or technical staff.

Examples of positions at the Health Program Specialist II level include:

- 1) The coordinator of the Cancer Registry who has responsibility for compiling and maintaining comprehensive records related to the identification, treatment and progress of all cancer patients in the State.
- 2) The Registered Nurse who oversees and coordinates implementation of maternal/child health programs such as Baby Your Baby, Perinatal Substance Abuse and others.

Health Program Specialist I: Under direction, incumbents plan, implement, develop and evaluate an assigned program area and perform duties described in the series concept at the journey level.

MINIMUM QUALIFICATIONS

SPECIAL REQUIREMENTS:

- * Some positions require professional licensure, certification [5] or registration [~~is required~~] at *the* time of appointment and as a condition of continuing employment.
- * Some positions require a valid driver's license at time of appointment and as a condition of continuing employment.

INFORMATIONAL NOTE:

- * Pursuant to NRS 632, a [~~Bachelor's~~] bachelor's degree from a school or professional nursing *program* approved by the State Board of Nursing is equivalent to a bachelor's degree from an accredited college or university.

MINIMUM QUALIFICATIONS (cont'd)

HEALTH PROGRAM SPECIALIST II

EDUCATION AND EXPERIENCE: Bachelor's degree from an accredited college or university in a health science, behavioral science or closely related field applicable to the program area and three years of health-related experience which included **at least two of the following areas:** researching, collecting[5] and analyzing data and statistics, developing objectives, protocols[5] and procedures[5]; providing health education services to target groups or the general public[5]; **evaluating program effectiveness and accomplishment of desired outcomes to meet agency, federal or other standards and guidelines; providing prevention, identification or treatment services to individuals or populations who have been diagnosed or are at risk of contracting life and health threatening diseases and/or conditions; preparing grant applications and budgets and developing, preparing and administering contracts and reports related to health services;** and/or investigation and prevention of communicable or chronic diseases; **OR one year of experience as a Health Program Specialist I in Nevada State service; OR** an equivalent combination of education and experience **as described above.** (See Special Requirements and Informational Note)

ENTRY LEVEL KNOWLEDGE, SKILLS AND ABILITIES (required at time of application):
