Basis for Recommendation

Per the Code of Federal Regulations, Title 36, Part 61 (36 CFR 61) professional qualification requirements are defined for the History, Archeology, Architectural History, Architecture, and Historic Architecture disciplines. As a result of these requirement the Department of Conservation and Natural Resources (DCNR), Historic Preservation Division (HPD) is requesting a modification to the Minimum Qualifications of the Historic Preservation Specialist series. Historic Preservation Specialists perform professional cultural resource management activities in the form of statewide historic preservation efforts to ensure compliance with State and/or federal programs, laws, rules, and regulations.

In coordination with subject matter experts from HPD and analysts within the Division of Human Resource Management (DHRM) it was determined that a Special Requirements section be included in the Minimum Qualifications to detail the required professional requirements identified in 36 CFR 61.

In addition, minor changes were made to the series concept to clarify representative duties and responsibilities. Furthermore, a minor change was made to the Class Concept of the Historic Preservation Specialist III to clarify the class may no longer serve as an appointed deputy to the Administrator as a new Deputy Division Administrator Historic Preservation class was recently created.

Throughout the review management and staff within DCNR and HPD and analysts within DHRM participated by offering recommendations and reviewing changes as the process progressed and they support the recommended changes.

Changes to the class specification are noted as follows: additions in blue and deletions in red.

The formal recommendations and specifications are on file with the Division Administrator, Human Resource Management. To view a copy in Carson City, go to 515 East Musser Street; in Las Vegas, go to 7251 Amigo Street, Suite 120. You may also view the recommendations and specifications online at https://hr.nv.gov/Sections/Classification/Proposed_Classification_Changes/ . For additional information call (775) 684-0137.
