NOTICE OF PROPOSED CLASSIFICATION CHANGES

Number: <u>01-09</u> Posting Expires: <u>October 7, 2008</u>

Per NR 284.160, the Personnel Director may make a change in classification without the prior approval of the Commission. The following change(s) are proposed:

				PROPOSED				
CODE	TITLE	GRADE	/EEO-4	CODE	TITLE	GRADE/	EEO-4	
	New			10.368	Lead Certified Nursing Assistant	24	Е	
10.369	Certified Nursing Assistant	22	Е	10.369	Certified Nursing Assistant	22	Е	
10.370	Nursing Assistant Trainee	20	Е	10.370	Nursing Assistant Trainee	20	Е	

Basis for Recommendation

The Nevada Office of Veterans ervices, Nevada tate Veterans Home requested that an additional level be added to the Certified Nursing Assistant series. The intent is to increase the number of applicants for the CNA positions and retain current employees.

In response to this request, the Department of Personnel recommends establishment of the Lead Certified Nursing Assistant class. Incumbents will provide orientation to new CNA's; familiarize CNA staff with direct-care protocols; demonstrate how to implement specific treatment procedures; report observations made during work shift to a charge nurse; assist with work scheduling; provide input on performance evaluations of lower level CNA's; and act as liaison between lower level CNA's and supervisors. This new class promotes the concept of peer mentoring and will help retain those incumbents who have greater knowledge and experience.

Management at the Veterans Home participated in this review, and they believe the recommended changes will increase the applicant pool and decrease expenditures for the use of temporary contract CNA's.

The formal recommendations and specifications are on file with the Director of Personnel. To view a copy in Carson City, go to 209 East Musser Street, Room 101; in Las Vegas, go to 555 East Washington Avenue, Room 1400. For information call (775) 684-0110.

Objections to the proposed change(s) must be received n writing by October 7, 2008. Objections should be addressed to Peter Long, Division Administrator, Compensation & Classification Division, Department of Personnel, 209 East Musser treet, Room 101, Carson City, Nevada 89701-4204.

CERTIFIED NURSING ASSISTANT	22	${f E}$	10.369
NURSING ASSISTANT TRAINEE	20	${f E}$	10.370

SERIES C NCEPT

Certified Nursing Assistants (CNA) perform basic restorative services and basic nursing services which are directed at the safety, comfort, personal hygiene, basic mental health and protection of patient rights in accordance with the Patient's Bill of ights and within the authorized scope of practice specified in the Nurse Practice Act.

Contribute to basic health status assessments; collect, report and record basic objective and subjective data related to health status; observe residents/patients for changes in health status, signs and symptoms of illness or injury, or deviations from normal health status.

Document and communicate patient responses; assist with collection of data; provide basic information which assists the licensed nurse in making lists of problems and needs, setting goals, and developing and revising the plan of care; communicate resident/patient concerns and needs to staff.

Provide total personal care or assist resident/patient with activities of daily living (ADL's) including toileting, bathing, dressing, oral care, eating, ambulating, repositioning and transporting; provide treatment as specified in the care plan and as directed by professional staff; and encourage self care and independence.

Provide physical care, comfort measures, and emotional support to patient whose condition is stable or predictable; and assist nursing staff with simple medical procedures.

Assist with basic restorative nursing care including ambulation, eating and dressing; maintenance and improvement of range of motion; turning and positioning in a bed or chair; transferring patients; bowel and bladder (continence) training; assist in the care and use of prosthetic devices such as hearing aids, artificial eyes and limbs; and repeat instructions as given by licensed personnel for the patient.

Operate or assist in the use of a variety of medical equipment, materials and supplies such as geri-chairs, mechanical lifts, wheelchairs, oxygen concentrators, restraints, braces, and prosthetic devices.

Maintain the safety, health and well being of individuals in the therapeutic environment as allowed in the practice setting; respond to call lights, resident/patient and visitors' requests and correct environmental hazards in an appropriate and safe manner; assist in physically restraining residents/patients who are a threat to themselves or others and may be hostile and combative as required; perform cardiopulmonary resuscitation (CP) when necessary; and follow principles of asepsis and infection control.
