AGENCY MANAGER

Southern Nevada Adult Mental Health Services (SNAMHS), Stein Forensic Hospital is currently recruiting for an Agency Manager. This facility is a secure forensic hospital providing inpatient forensic services for adults who are court committed to restore to competency, serving Southern Nevada. Through a team approach, SNAMHS provides innovative inpatient and outpatient mental health services for the Southern Nevada community. SNAMHS is an exciting place to work with emphasis on utilizing the recovery model, developing innovative programs, increasing consumer and family involvement, educating the public through a variety of activities, and implementing a best practices clinical program.

DESCRIPTION: This position oversees the daily clinical programs within Stein Forensic Hospital by supervising professional and technical staff, providing training and evaluating performance of program provision. The successful incumbent will work with the court system and law enforcement related to the clients care and security. This position will supervise programs that include psychology, social services, nursing and security. The Agency Manager will plan and organize the clinical programs that deliver psychiatric care to clients in a 24 hour secure facility. This position will assure the program is in compliance with court ordered timelines and the Nevada Revised Statutes that govern the various forensic services provided at the facility. The successful candidate will be familiar with and able to implement these statutory requirements. This position will be responsible for ensuring the facility is in compliance with all Nevada State licensing requirements. This is an unclassified position within the State system and is appointed by and serves at the pleasure of the Administrator of the Division of Public and Behavioral Health.

EDUCATION AND EXPERIENCE: Master's degree from an accredited college or university in clinical psychology, clinical social work, counseling, or similar education and or experience related to responsibilities. The required experience should include at least three years of management experience in a comprehensive health, human service delivery setting, or social service organization with responsibility for strategic planning, policy development and implementation, program evaluation, budget development and supervision of diverse professional staff. In addition, the candidate must have strong written and verbal communication skills with the ability to prepare and present testimony to the legislature, experience with understanding/applying and implementing state/federal regulations, excellent organizational skills and the ability to build relationships and work with community organizations and federal agencies.

SALARY AND BENEFITS: The salary for this position is \$120,344/yr. Excellent benefits package including health, dental and vision insurance, Public Employees Retirement Plan, three weeks paid vacation, three weeks sick leave, paid holidays and no state, county, city or social security tax!

***Recruitment will remain open until recruiting needs are satisfied.**
