DEPUTY ADMINISTRATOR, CLINICAL SERVICES

Division of Public and Behavioral Health

Salary up to \$106,365 (employer-paid retirement)

\$122,187 (employee/employer-paid retirement schedule)

Under the general direction of the Division Administrator, the incumbent provides leadership and oversight over the behavioral health services in the Division including Northern Nevada Adult Mental Health Services, Southern Adult Mental Health Services, Lake's Crossing Center, rural clinical services and community health nursing. The successful applicant will demonstrate the ability to ensure compliance with Federal and State laws, regulations and policies; monitor Division operations through review of reports and on-site visits; monitor the implementation of corrective action plans and lead the development of policy and implementation of program initiatives. This position requires testimony before committees, boards and the legislature. Participation in the development and monitoring of operating budgets is required. The position supervises and provides guidance to agency managers regarding operational and human resource issues. The Deputy represents the Division's interests to a variety of public and private agencies, advisory boards, committees and stakeholders. Experience with behavioral health services is required.

The Division has a biennial budget of approximately \$718 million and employs 1,713 staff. Mental health services are provided in two large urban centers as well as the State's 15 rural counties. Programs operated include two Joint Commission accredited psychiatric hospitals, outpatient counseling, medication clinics, mental health court programs and a facility for offenders with mental disorders.

This is an unclassified position and serves at the pleasure of the Division Administrator, Division of Public and Behavioral Health. Statewide travel is required.

QUALIFICATIONS: A Bachelor's degree or Master's degree with major course work in public health, health services administration, psychology, social work, business administration, public administration, or a related field and a minimum of four years of managerial experience which included experience in planning, administering and evaluating a comprehensive human services program collaborating with governmental and private entities and stakeholders; representing agency interests before a variety of entities; supervision and training of supervisory and professional staff; developing and administering a complex budget; interpreting Federal and State laws and regulations; OR an equivalent combination of education and experience.

LOCATION: The position may be located in Carson City or Las Vegas, depending on the candidate pool.
