DEPUTY DIRECTOR
GOVERNOR'S OFFICE OF ENERGY

RECRUITMENT OPEN TO:

This is an open competitive recruitment, open to all qualified applicants. This position is appointed by and serves at the pleasure of the Director of the Governor's Office of Energy.

AGENCY RESPONSIBILITIES:

The Nevada Governor's Office of Energy (GOE) oversees energy programs required by statute and necessary to meet the mission of the office. The GOE's mission is to ensure the wise development of Nevada's energy resources in harmony with local economic needs and to position Nevada to lead the nation in renewable energy production, energy conservation, and the exportation of energy.

APPROXIMATE ANNUAL SALARY:

Up to \$132,294. *Salary range reflects retirement (PERS) contributions by both the employee and employer. An employer-paid contribution plan is also available with a reduced gross salary.

BENEFITS:

The State benefits package includes a retirement system, paid health, vision, dental, life and disability insurance, 12 paid holidays, and paid sick and annual leave. Employee-paid benefits such as deferred compensation plans are also available.

POSITION DESCRIPTION:

This position reports to the Director of the Governor's Office of Energy (GOE). Within the GOE, the Deputy Director is responsible for the fiscal integrity, sustainability, and operational effectiveness of the agency. This includes but is not limited to oversight of all programmatic and fiscal work of agency staff, acting as the agency human resource liaison, review and approval of all agency contracts and subgrants either applied for or issued by the GOE, and handling the day-to-day operations of the agency. The Deputy Director further assists the Director with statutory and other various duties as required.

TO QUALIFY:

You must possess a bachelor's degree from an accredited college or university in any field AND five (5) years of experience which includes the planning, design, administration, and evaluation of government programs and projects, fiscal management, and strategic planning. Two (2) years of this experience must have been in a supervisory capacity. **If you do not have a degree**, you must possess ten (10) years of experience which includes the planning, design, administration, and evaluation of government programs and projects, fiscal management, and strategic planning. Four (4) years of this experience must have been in a supervisory capacity.

Preference will be given to candidates with experience in energy, climate, and/or environmental programs. Existing or prior state service is preferred. A valid Driver's License is required. You must also possess strong time management, organizational skills, and strong written and oral communication/presentation skills.
