Regulatory Accountant

THE STATE OF NEVADA

MISSION STATEMENT:

The Nevada Way: Empowering the executive branch to provide solution-oriented customer service to residents, businesses, and visitors so

Nevada is recognized for its world-class destinations, its innovative and business-friendly economic environment, its quality of life, and its efficiently and effectively run state government.

VISION STATEMENT:

Governing with transparency and fiscal responsibility; working with local government, non-profit and industry partners; delivering dependable services to citizens and visitors; and creating opportunities for Nevadans to lead safe, healthy, prosperous, and productive lives.

"OUR CAPACITY TO ACHIEVE GREAT DEEDS WILL NEVER BE IN QUESTION, BECAUSE WE WILL FOLLOW THE NEVADA WAY – NEVER GIVE UP, NEVER GIVE IN, AND NEVER STOP DREAMING."

Governor Joe Lombardo
STATE OF THE STATE ADDRESS

The State of Nevada, encompassing over 110,000 square miles, is a land of vast natural beauty, economic diversity, and cultural vibrancy. Known as the “Silver State” for its historic mining legacy, Nevada today is equally recognized for its dynamic cities, rugged outdoor landscapes, and spirit of independence. Anchored by metropolitan hubs like Las Vegas and Reno, Nevada also offers a rich tapestry of rural communities, tribal lands, and open desert that reflect its deep Western roots.

Home to more than 3.2 million residents, Nevada is one of the fastest-growing states in the nation. The state features no personal income tax, a favorable business climate, and year-round recreational opportunities—from world-class entertainment and dining to hiking, skiing, and stargazing beneath some of the clearest night skies in the U.S.

With over 300 days of sunshine annually in many regions, Nevada’s climate ranges from the dry heat of the Mojave Desert to the four-season beauty of the Sierra Nevada. The state is also home to Lake Tahoe, Great Basin National Park, Red Rock Canyon, and more than 800,000 acres of state park land.

Nevada balances innovation and tradition, offering a high quality of life, a growing emphasis on sustainability and technology, and a commitment to preserving the natural and cultural richness that makes the state truly one of a kind.

MISSION STATEMENT:

The PUCN serves to protect the public interest, ensure fair and reasonable utility rates, and regulate the delivery of utility services to benefit the economy, the environment, and all Nevadans.

VISION STATEMENT:

The PUCN ensures safe and reliable utility service at just and reasonable rates.

The Public Utilities Commission of Nevada (PUCN) is a regulatory agency that ensures investor-owned utilities comply with laws enacted by the Nevada Legislature. The PUCN's basic regulatory duties, powers, and scope of work are defined by the Legislature and codified in statute. The PUCN's duties include:

- To provide for fair and impartial regulation of public utilities.
- To provide for the safe, economic, efficient, prudent and reliable operation and service of public utilities.
- To balance the interests of customers and shareholders of public utilities by providing public utilities with the opportunity to earn a fair return on their investments while providing customers with just and reasonable rates.

THE IDEAL CANDIDATE

*Join a team where your impact
will matter from day one.*

WHAT WE'RE LOOKING FOR:

The PUCN is seeking a qualified candidate for the position of Regulatory Accountant for the Regulatory Operations, Regulatory Accounting Division.

WHAT YOU'LL BE DOING:

Audit general rate change applications and analyze filings for electric, natural gas, telephone, water and wastewater utilities. Audit deferred energy and purchase gas adjustment applications and mobile home park filings. Analyze and process applications for licenses. Review applications for certificates of public convenience and necessity and changes in ownership. Review annual report filings; track compliance for non-safety issues, and monitor the universal energy charge collections and the Universal Service Fund program. Provide written testimony and orally defend testimony for proceedings brought before the Commission; and serve as an expert witness. Analyze issues and evaluate other parties' written and oral testimony for accuracy, logic and consistency with existing Commission policy, state statutes and regulations, and write rebuttal testimony based upon analysis. May be required to prepare and present testimony to legislative committees. May be required to make presentations to various state, local and federal agencies. May be expected to perform additional job-related duties and to have or develop additional specific job-related knowledge and skills.

QUALIFICATIONS:

Master's degree from an accredited college or university with major course work in finance, accounting, business administration, or closely related field and studies or work experience pertaining to regulated industries; OR Bachelor's degree from an accredited college or university and two years professional level experience with a regulated utility company or an agency responsible for regulating utilities; OR an equivalent combination of education and experience. Possession of a current CPA, CMA, or CFA certification desirable. Also desirable is a working knowledge of federal income taxation of corporations and the ability to research and apply federal income tax law with respect to cost of service regulation.

KEY QUALITIES & COMPETENCIES:

Must be highly professional, well-organized, self-motivated, and possess leadership skills. Must be able to work independently with minimal supervision as well as in a team environment in collaboration with other financial accountants, auditors, engineers, economists, and legal staff; compile and summarize information and prepare correspondence, periodic or special reports related to assignments; and contribute effectively to the accomplishment of the team or agency goals, objectives, and activities. Ability to audit and analyze accounting, financial and operational data recorded in the books and records of utilities; ability to audit and analyze a utility's modifications to recorded accounting data for regulatory ratemaking purposes. To include: developing and recommending appropriate adjusting entries to be recorded in a utility's books and records; and developing and recommending appropriate adjustments to a utility's modifications to recorded accounting data for regulatory ratemaking purposes. Complete and in depth knowledge of cost of service ratemaking principles and techniques at the state and federal level. Complete and in depth knowledge of generally accepted accounting principles.

Must be available for occasional travel.
