Applications Accepted

Recruiting for: Future full-time and part-time vacancies located at the Department of Corrections, Medical Administration Division, in the following areas: **Carson City, Ely, Indian Springs, North Las Vegas and Lovelock, Nevada. Ely is a maximum security prison.**

Sr. Psychiatrist Position: Under administrative direction, plans, directs and participates in providing medical care to the mentally ill or mentally disabled; may supervise a subordinate staff providing professional medical services or patient care; and does related work as required. Performs psychiatric evaluations by reviewing data from referral services and client records; interviewing family of client to obtain additional data; conducting psychiatric examination of client by interview to elicit subjective information and to observe the client's mood, speech, perceptivity, thought process and intellectual functions; evaluating the data acquired and deciding whether a mental disorder is present and, if so, what is the most appropriate diagnosis of the disorder considering differential diagnosis; deciding what are the most appropriate recommendations for the treatment of disorder; and stating recommendations for the treatment management of the client.

The purpose of the psychiatric evaluation is to determine the most probable cause of the client's disorder for use as a working diagnosis and indicative treatment. Senior Psychiatrists typically report to the Medical Director. Clinical work is carried out independently and reviewed periodically by means of a peer review, case conferences and related mechanisms. Consultation/education activity is also conducted independently consistent with agency needs. These activities are largely governed by state and federal laws regarding client rights and services to the mentally ill; Department, agency and program guidelines, policies and procedures; and medical ethics. Special assignments and requests are communicated and may be reviewed by the Medical Director.

Sr. Psychiatrist Requirements: Graduation from a medical school approved by the Nevada Board of Medical Examiners, completion of a one year internship in an approved hospital and two year of practice in the field of psychiatry and certification by the American Board of Psychiatry and Neurology.

License: Possession of a license to practice medicine in the State of Nevada at the time of appointment.

Special Notes and Requirements: Pursuant to NRS 284.4066, all positions in the class have been identified as affecting public safety. Persons offered employment in the class must first submit to pre-employment screening for controlled substances. 2) Requires fingerprinting and a background investigation through the FBI and NCIC processes. 3) A valid license to practice medicine in the State of Nevada is required at the time of appointment and must be maintained throughout employment.

Salary and Benefits: Annual salary (**Range C**) up to \$199,142 (Employee/Employer) Public Employees' Retirement System (PERS), plan. Employee benefits include paid annual, paid sick leave, health insurance, and the State retirement plan. Other optional benefits are available including a deferred compensation program.
