NON-CLASSIFIED POSITION ANNOUNCEMENT
Water Commissioner (Hydrology Technician)
January 10, 2025

The Nevada Department of Conservation and Natural Resources, Division of Water Resources is seeking qualified applicants for the position of Water Commissioner (Hydrology Technician). This is a non-classified, full-time position within the Division of Water Resources located in Carson City, Nevada.

Recruitment: This is an open competitive recruitment, open to all qualified persons. Applications will be accepted until recruitment need is satisfied.

Approximate Annual Salary (DOE):

Employee/Employer Paid Retirement: \$59,257.44 - \$87,570.72

This non-classified position serves at the will of the State Engineer. The position is eligible for the State of Nevada Public Employees Benefit Program (PEBP).

The Position: The Hydrology Technician is responsible for reviewing groundwater and surface water measurement data for accuracy and completeness and entering the data into databases, as well as performing QA/QC on those data. The position will also conduct hydrologic field work, including water level measurements, meter readings, and participate in other special projects conducted by the Hydrology Section.

Skills Required: Must be able to work independently and in a team environment. Must be able to communicate effectively with co-workers and the public. Must be professional, well organized and motivated. Must be willing and able to improve existing skills and develop new ones as required by work assignments. Must have a good driving record and be willing to travel up to 25% of the work schedule. Must have experience with the Microsoft Office suite of desktop applications.

Education and Experience (Minimum Qualifications)

Bachelor's degree from an accredited college or university with major course work in engineering, hydrology, physical sciences or closely related field; **OR** associate degree from an accredited college, university or technical school with major course work in engineering, engineering technology, GIS, mathematics, physical sciences, or related field and one year of technical experience; **OR** two years of equivalent technical experience.
